

universal ready to use local

the ready-mixed substrate

Ready-to-use substrate mix with mineral and organic products.

High-quality, peat-free Swiss soil with a positive impact on the CO₂ balance.

VIRIdiVITA ready-mixed substrate

- purpose:** - greening system with mineral and organic products
- function:**
- retention of precipitation water
 - peat-free
 - offers structural and networking elements to promote ecological diversity
- competitive edge:** - enables nuanced mixtures depending on ecological requirements

Swiss soil concentrate:: A mixture of lean, extensive substrate and rich VIRIdiVITA richsoil. The ready-to-use finished product enables a high initial greening density on extensively greened roofs thanks to its balanced mixing ratio.

technical data:

- ~ 7.5 pH-value (H₂O)
- ~ 1.0 mS/cm conductivity (salt content)
- ~ 1'400 kg/m³ dry aterial weight according to EN 12580
- ~ 1'650 kg/m³ saturated material weight according to EN 12580
- 85% mineral content
