

VIRIdiVITA®  vert out  
*The luxury of cleaned air*

**Vivid** in form and color, VIRIdiVITA vert out improves climate.

**A work of art** that shows itself in constant change - and therefore soothes and touches.

The **green wall** without soil.

- > health-promoting through improving the climate
- > noise absorbing
- > oxygen-generating and air-purifying
- > living
- > refreshing
- > without soil substrate
- > sustainable

VIRIdiVITA vert out is a visually unique high-tech product for improving the urban climate.

The curtain wall and the self-contained system quickly contribute to a sense of well-being.

Customers, employees and neighbours will thank you.

*“Like a walk in the cool forest. Only the singing of the birds is missing. Is there a more beautiful reception ?”*

Guido Schmitt Head of Business Development  
& Market Intelligence (FoamPartner)

# VIRIdiVITA® vert out

*The luxury of cleaned air*
